„Merry Christmas“ Tobias Rehberger, 2025

Artwork commissioned exclusively for the Hollerbach-Gruppe

## About the Artwork

This year's Christmas artwork was created exclusively for the Hollerbach-Gruppe by **Tobias Rehberger**, one of Germany's leading contemporary artists. Known for his conceptual approach and distinctive use of form and perception, his work is exhibited worldwide and has earned major international recognition, including the Golden Lion at the Venice Biennale.

Tobias Rehberger selected the letters **M** and **C** - **Merry Christmas** - from his own visual alphabet system and transformed them into a new abstract composition.
